FOR PRESIDENT,

of Ohio.

FOR VICE-PRESIDENT,
JAMES S. SHERMAN,
of New York.

FOR CONGRESS,
Hon. JOSEPH B. BENNETT.

WHAT has become of HARRY THAW, CARRIE NATION and the other freaks?

THERE are but two classes of people in the world just before an election: The angels who belong to your party, and the devils on the other side.

GOVERNOR HASKELL of Oklahoma shows his faith in Editors by offering to submit his case to a Jury composed of them. They would be Democratic Editors, of course.

MR. BRYAN is riding his same old hobby-horse, but Marse HENRY appears to be astride a nice little pair of beeking nightmares. The fall that Marse HENRY is going to get is awful.

THE American people have no interest whatsoever in confirming the extortions of monopoly. But they will not tolerate any proposal either to sacrifice their wage earners by a reduction of pay to the low level of Europe or to sacrifice both our industries and our labor by giving our home markets to foreigners while we shut up shop.—New York Press.

WONDER how many thousand Democrats will vote for BRYAN next Tuesday who are voting in direct opposition to their honest political convictions?

THERE is a growing belief in Great Britain, until recently unshaken in devotion to Free Trade, that some measure of Protection is essential to the economic salvation of the country

AN American electorate will never send to the Presidency a man who is pledged to uproot the system under which the United States has become the greatest and most prosperous country on the globe.

"I will not deny that there may be prophets today, but the trouble is to tell the true prophets from the false ones. The Bible says that false prophets will rise. It tells us how to distinguish the false from the true. It says, 'By their fruits ye shall know them.'"—William J. Bryan's speech at Baltimore, January 20, 1900.

"THE Bible says false prophets will rise," and the biggest one bobbed up when BILLY BRYAN mounted the political stage.

THE Hon. WILLIAM JENNINGS BRYAN now finds that at the ending of his "third and last battle" for the Presidency, the price of silver has reached the lowest point in fifteen years. But we don't hear much about "free silver" from the "Peerless Statesman" in these rushing, practical times. He is probably too busy now chasing after a good 100-cent dollar with which to pay his campaign expenses.

In connection with the above, The New York World, which is now posing as a lukewarm BRYAN organ, says:

"Silver has dropped in price to 51 1/2 cents an ounce, the lowest for fifteen years. Trade conditions in China and India have limited the silver market almost to a tableware demand. If gold had not a value as money its price would be fixed by the demand for it in jewelry and the arts.

"The practical value of the drop in silver is that now is the best time since 1902 to buy spoons and forks. At present prices solid silver is as inexpensive in the long run as plated ware."

Don't forget Marx Bros.' Day.

Gordon's Greater Minstrels tonight at The Washington Opera-house. One of the best shows of the season.

About three hundred of the faithful heard Hon. G. F. Wycoff orate at the Courthouse last evening. He is young and will improve as a speaker as he grows older. His plea for Bryan and Keboe was of the usual Democratic stock in trade—abuse of the Republican standard-bearers and Republican principle.

KIRK—BOULDIN.

Altamont, the country home of Mr. and Mrs. John E. Bouldin, near Fernleaf, was the scene of a beautiful wedding last evening, the occasion being the marriage of their daughter, Frances, to Mr. Charles Bland Kirk. The hall and staircase of the old Southern home were decorated in most artistic style with autumn leaves, and rich evergreen as a background, while the parlor and dining-room were also rich in color decorations.

Promptly at 7:30 the beautiful chords of Lohengrin's Wedding March were heard and little Mary Morgan Bouldin, the flower girl, entered in white; next came Mrs. Frye, the Matron of Honor, in gray silk, carrying white chrysanthemums; then Miss Martha, the bride's sister, in white followed by the bride, Miss Frances, in white satin, with long wedding veil, and carrying white chrysanthemums.

Mr. Kirk entered with his best man, Mr. Elijah Kirk, the Rev. W. W. Hall pronouncing the marriage service in a most impressive manner in the midst of the concourse of relatives and friends of the happy young couple.

Immediately after the ceremony the bridal party passed into the dining-room, where a delicious supper was served. The bridal table was beautiful with its white and yellow shades and tasteful decorations.

After receiving the congratulations of their many friends Mr. and Mrs. Kirk drove to Maysville to take the flyer for a trip East.

The presents were many, which showed the popularity of both parties.

AFTER this thing is over Br'er BRYAN will likely think up some real enemy and present him with the Democratic party.—Los Angeles Times.

It's what the party will do with him.—Cincinnati Enquirer.

IN his speech at Portsmouth, Senator DOLLIVER of Iowa said there was one good thing about BRYAN. He didn't bother Republicans with the same old story. He has new ideas every time he bobs up.

As old IKE HILL used to say to his fellow Democrats: "Boys, we've got 'em beat bad—if they don't buy us up." Mr. BRYAN says the Republicans are going to buy up the Democrats with a \$5,000,000 corruption fund. We would like to know of Mr. BRYAN if his party is for sale.

"THE farmers are rich—never more so—and they ascribe their riches to McKINLEY, ROOSEVELT and the policies of the Republican party."

Thus writes a correspondent from the Middle West, and his words doubtless cover the situation throughout all the West. The farmers know that their present flourishing condition is due to the Republican policies of building up American industry, of developing and improving every branch of agriculture and of adding to the farmers' opportunities for self-culture and for keeping in touch with current events and the markets of the world by the rural free delivery system.

The farmer knows that what Republican administrations have done for the farmer cost money, and he sees that expenditure denounced in the BRYAN platform as "unnecessary and wasteful." Naturally, the farmer prefers the Republican party, whose policies made him comfortable and independent, and proposes to vote for WILLIAM H. TAFT, the Republican candidate for President of the United States, who, with the co-operation of a Republican Congress, will continue those policies, and will seek to make the condition of the American farmer even better than it is now.

That is one reason why the West is for TAFT and SHERMAN.

BETWEEN politics and Dukes there are no dull days for Pa ELKINS just now.—Milwaukee Sentinel.

MR. Bryan, the self-elected Commander-in-Chief of Coxey's Army in '96, has been riding in Pullman palace cars ever since, and has educated his children in the most high-toned schools in the land. He has been able to do all this simply because he was wrong in his views on leading National questions.

THE Republican party is the greatest dynamic political—moral force in existence, and with its magnificent record and prestige, its future is so effulgent with success that its enemies without and the traitors within cannot retard its progress or delay its economic evangelization of the Northern Hemisphere.

If the industries now Protected and flourishing and paying the great rate of wages current in this country are forced into competition with plants abroad, whose wage scale is half of ours, the wage earner in the United States must come down to practically the same standard of living that is current among wage earners abroad.—Buffalo News.

THE MAYSVILLE LEDGER is what ARTEMUS WARD would have called an "amoosin' cuss." It says it is authorized to bet \$100 each on Taft's carrying the States of New York, New Jersey, Connecticut, Indiana and Illinois, the party to take all bets! Those States gave Roosevelt about a million majority in 1904 and the Republicans ought to be offering odds of 500 to 1 that Taft will capture the whole bunch.—Cynthiana Democrat.

But, Uncle JAMES, if you were here and could hear the Democratic bluffers talk about BRYAN carrying "every State in the Union except Pennsylvania," you would be conservative, too, about putting up your cash.

"If" Taft captures New York and Illinois the baby's named—Taft.

There is nothing on earth so uncertain as a dead sure thing. Conservative politicians always keep this in view, and Democrats and Republicans realize that conditions in 1908 are so different from 1896 and 1900, that he, indeed, is a wise guy who can pick the States that will go for TAFT or BRYAN.

All one can safely bet on is that TAFT is going to be elected. We trust that this will also "amoos" you a little bit.

**Saturday,
October 31st,**

1908, is Piano Day in our big Closing-Out Sale. Upon this day our energies will be devoted to the Piano Department.

CAUTION.

Please do not visit our sale upon this day expecting to purchase furniture. Remember these three facts, please:

The date—Saturday, October 31st.

The special—Pianos.

The fact—Marvelous Propositions.

With these facts in mind we ask your attendance at the following hours, and please do not burden us except upon the hours in which the makes of pianos in which you are interested are on sale.

From 7 to 9 a. m. will be devoted to "The Howard" Piano. This is a piano with which you are all familiar, having been sold in your midst for several years by the Baldwin Agent. You are likewise familiar with the prices that you have always been charged for the same Howard Piano. We say "Prices" advisedly, for it is a fact that you paid all the way from \$200 up to \$250 for Howard Pianos. At the hours named next Saturday we will sell you the same Howard Piano, in nicely carved upright case, for \$89.

From 9 to 11 a. m. we offer you Cable & Sons' Piano, in massive upright cabinet, grand case. This is a \$250 instrument and an offering that will be quickly appropriated at \$98.

From 12 a. m. to 4 p. m. we offer five (5) genuine Kohler & Campbell Pianos at prices that give us heartache. The Kohler & Campbell Piano is our favorite—a first product of an old-time manufacturer who devotes the closest attention to the minutest detail of his art. The Kohler & Campbell Piano is indeed a work of art, witness to which you can find in a number of the best homes in Maysville.

From 4 to 6 p. m. we give you Ebersole Pianos. We say "Give" advisedly, for it is a shame to separate one's self from an Ebersole Piano at these prices. The Ebersole, as you well know, is "The Conservatory of Music" Piano, and is quite famous throughout the Ohio Valley. The Ebersole prices are familiar to you—\$365 to \$450—and they are worth every cent they cost. If you will call between the hours of 4 and 6 p. m. next Saturday we will let you take one of these "Music College" pianos from us at about one-third its worth.

From 6 to 9 p. m. we give away the Auto-piano. The Auto-piano is the original and genuine self-player piano, a world renowned piano that sells at \$550. To the fortunate ones who call at the hours stated next Saturday new Auto-piano in beautiful case will be sold at \$318.

Our story is told. It is now up to you to act.

Remember the date, Saturday, October 31st, and select the hours in which instruments that you are interested in will be offered.

Yours truly,

John H. Winter

Messrs. C. Vance and D. L. Green, representing a New York drug house, were arraigned before Judge Whitaker yesterday on a warrant sworn out by Stanley Green, charging them with having grossly insulted his wife in Market street.

If the truth was known it would likely establish the fact that their conduct was no becoming gentlemen. It is too often the case that strangers in a strange city take unto themselves liberties that do not belong to them.

CITY SCHOOL TAX NOW 27 CENTS

On the \$100—Can Be Increased to 50 Cents By the City Council

Section 334, Kentucky School Laws, reads: "The Board of Education each year shall approximately ascertain the amount of money necessary to defray the expense of the schools and report the same to the City Clerk or Auditor, who shall report the same to the City Council, and the City Council shall make the necessary levy and collect the tax to provide suitable school buildings and to defray the general expenses necessary for school purposes, provided that the levy for any one year shall not exceed 50 cents on each \$100 of value of taxable property in the city as returned by the Board of Equalization. Said tax shall be paid to the Board as fast as collected."

So you will see, Mr. Taxpayer, that it will be much cheaper and much easier to issue the \$30,000 in 20-year bonds than to make a direct special tax levy of 23 cents more to reach the statutory limit of 50 cents on the \$100.

"FREE PILLS"

May Have Caused the Death of Young George Vantine

George Vantine, aged 15, who died so suddenly Wednesday morning, may have been the victim of poisonous patent medicine.

If THE LEDGER is not mistaken it is an offense against the law to throw in homes or give away pills or other medicines, whose noxious qualities are unknown. Yet a few days ago some one was distributing "free medicine" by throwing samples of a certain brand of pills in the homes of Maysville.

Young Vantine took two of these pills, and whether or not it caused or hastened his death we do not know.

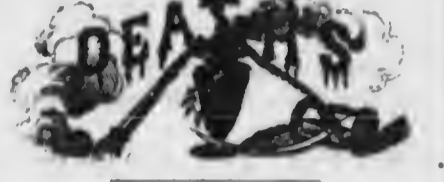

Anyhow, the young man's death was so quick and untimely that some kind of an examination should have been made of his remains by the physicians of our city.

A young life is too valuable to have it jeopardized by free poisonous patent medicines.

George was a good boy and was employed in Cahill's grocery until he took sick and he was ill only two days.

NO MAN DELIBERATELY BUYS POOR CLOTHES.

He thinks their good, worth the money, or he doesn't want them. Just the same, lots of men are paying their good money for cheap cotton mixed goods and they think they are being real economical because they get such clothes for a little less than all wool would cost. This cotton-mixed stuff is very deceiving, even expert clothing men find it difficult at times to tell whether or not a fabric has cotton in it. As for the inexperienced wearer, we've seen fabrics that looked good enough to sell for \$20 for the suit that was at least 60 per cent. cotton and really worth about \$6 the suit. You get no such "flim-flam" when you trade with us. Thirty years selling good clothes enables us to separate the "sheep from the goats." When we say all wool we live up to it.

WORK THAT TELLS.

Plenty of It Has Been Done Right Here in Maysville.

Cures that last are cures that tell. To thoroughly know the virtues of a medicine you must investigate the cures and see if they prove permanent. Doan's Kidney Pills stand this test, and plenty of proof exists right here in Maysville. People who testified years ago to relief from backache, kidney and urinary disorders now declare that relief was permanent and the cure perfect. How can any Maysville sufferer longer doubt the evidence? M. C. Chisholm, 317 East Second street, Maysville, Ky., says:

"The cure which Doan's Kidney Pills effected in my case several years ago has remained permanent, and the testimonial I gave in their favor at that time still holds good. As previously stated, I was bothered a great deal by the too frequent action of the kidneys, this being especially annoying at night, when I would be obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and I had only taken them a short time when I noticed a marked improvement in my condition, and continuing with their use was cured. I have since learned of several instances in which Doan's Kidney Pills have been used with like results, and this has only served to strengthen my already high opinion of them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

**Hungarian Laborers on Pipe Line
Wanted Higher Wages**

The four hundred Hungarians at work laying the new gas pipe line through Lewis county struck for more money the other day. They had been receiving \$1.35 per day and asked for \$1.50.

The men became so demonstrative that the contractor appealed to the county authorities for protection. The trouble was finally adjusted, but a good part of the force left for parts unknown.

About sixty of the foreigners started East, hoofing it along the roads as best they can, hoping to reach the mining districts of West Virginia.

STILL HELD

Roseberry Unable to Make Satisfactory Bond in Chattanooga

Chattanooga Times.

H. E. Roseberry, the young Kentucky Minister now in the County Jail, has little hope of securing an early release on bond. His Kentucky relations are in such financial condition that they are unable to make a bond that will be accepted by the Chattanooga authorities. In the meantime young Roseberry must remain in jail pending the action of the Grand Jury, which convenes next month.

The whole matter now appears to be a very mixed up family affair, from both points of view. Roseberry's family are sticking to him, while the Mastin family appear to be doing little toward prosecution.

It appears that after Roseberry and Carrie Mastin left home, Harry Mastin, a brother of the girl, went to Mrs. Roseberry and from her secured a knowledge of Roseberry's whereabouts. It is claimed by both her and Roseberry that he promised if his sister would return home he would not prosecute the Minister. Roseberry's brother-in-law, it is said, furnished Mastin money to come to Chattanooga to carry his sister home. Anyway, the matter is a much mixed up family affair, so it is said.

Roseberry's wife is sticking to him, to use a slang expression, "through thick and thin." She declares him to be innocent of any intention of wrong-doing, and in the end his guilt will be disproved. From the tone of some of the letters Roseberry has received, she seems to be that type of a truly Christian woman, who, when believing in right, has the courage of her convictions.

LABOR MOVEMENT IS NONPARTISAN.

Daniel J. Keefe, Sixth Vice President of the A. F. of L., Insists That President Gompers Has Been Misrepresented and Denies That Any Attempt Has Been Made to Swing Labor Vote to Bryan.

TAFT A FRIEND OF LABORING MAN.

"We insist that the labor movement shall remain as free and independent from political domination as it has ever been in its history."

That sentence is the keynote to a statement made by Daniel J. Keefe of Detroit, Mich., president of the International Longshoremen, Marine and Transport Workers' association and sixth vice president of the American Federation of Labor.

In his statement, which he made in answer to a query from the editor of the Buffalo Republic, Mr. Keefe says:

"I desire to say that the American Federation of Labor is not committed to any political party, nor has any candidate for president been endorsed by the executive council.

"I am of the belief that the general public does not fully understand the position of the executive council of the American Federation of Labor in the present campaign. The policy of the labor movement is nonpartisan and is as follows:

"We desire to refute here the aspersions that have been cast upon the executive council and particularly one of its members, President Gompers, that it is our purpose or his to dictate to the working people of our country how they shall cast their votes in the coming elections, nor has any one promised the vote of the working people to any particular party. We have strongly, clearly and emphatically, as it was our duty, presented the situation in which the working people of the country find themselves, the demands which labor has made upon both political parties as to necessary action, which they should take, the treatment they have received, and have appealed to the judgment and patriotism of the working people and the friends of labor throughout the country, since both political parties have spoken, to make their choice as their conscience may dictate.

"The misrepresentation of newspapers and others to the contrary notwithstanding, we repeat and insist, and we have so conducted and propose to so conduct our course, that the labor movement shall remain as free and independent from political domination as it has ever been in its history.

"The foregoing does not commit the American Federation of Labor to any political party and is nonpartisan, which permits union men to vote for whom they may please for president and other offices without fear of criticism. All of which I heartily endorse.

"Some of the members of the executive council of the American Federation of Labor no doubt will support and vote for Mr. Bryan, which is their individual right. I shall support and vote for Mr. Taft, who was admitted to membership in the International Brotherhood of Steam Shovel and Dredge Men on account of his strong advocacy of the enforcement of the eight hour law on all government work coming under the jurisdiction of the war department, and if the eight hour day did not become an established fact in connection with dredge work it was the fault of the workmen and not the fault of the secretary of war.

"I might add further that Mr. Taft, as secretary of war, has done more to enforce laws in favor of organized labor than all his predecessors."

A. W. Grimes of Vanceburg has had his pension increased from \$14 to \$16 per month.

Prominent colored Methodists from all over the country have verbally closed a deal with the owners of the Good Samaritan Hospital building at Lexington for the purpose of turning it into a school patterned after Booker Washington's Tuskegee institution.

Mrs. Jennie Payne of Millersburg, a sister of Mrs. Fred Schnelle of this city, received last Friday a check from the United States Government for \$135, the price of a horse her husband had taken from him as he was returning from the Confederate Army after the close of the War of the Rebellion in the '60s.

W. H. Yancey will, on Thursday, November 5th, offer at public sale on the premises, Taylor's Mill pike, 3 miles from Maysville, at 10 a. m., all his personal property. The big hotel will be on the ground to serve meals.

The Women's Foreign Missionary Society of the Methodist Church will spend approximately \$700,000 for missionary work in foreign lands the coming year. This was decided upon at a meeting of the Secretaries of the seventeen branches of the Society held in Cincinnati a few days ago. The amount to be spent in the coming year is \$25,000 more than was spent last year, when \$675,000 was appropriated for the work.
